

DEPARTMENT OF MATHEMATICS
APPLICATION for an UNDERGRADUATE TEACHING ASSISTANTSHIP
to provide instruction in the calculus

The applicant should bring a screen print of your academic history. These screen prints are available free of charge at your academic department, college, or the Administration Office at 901 W. Illinois Avenue. Return the application to Cherri Davison, 273 Altgeld Hall. Because an interview will be necessary for this position, applications should be returned as soon as possible.

Position Description: Full responsibility for a single classroom recitation section of Math 221 or 231, Calculus I and II, under the supervision of the lecturer for the course. There are two hours of classroom contact plus office hours, grading, and preparation adding up to an anticipated 10 hours per week. Because of the level of responsibility of this job, applicants are expected to be seniors with outstanding mathematical credentials and communication skills.
