

Math 118. Fall 2005. Final announcements.

- (1) The final exam is on Saturday, December 17 at 8 am in the usual classroom.
- (2) The final is cumulative. You should study old exam questions, homework problems, group work, the main examples from class, and the main ideas from the book. The study guides for each of the three midterms will be quite helpful.
- (3) I do not know my schedule for next week at this time. I will announce office hours on my web page and via an email to the class. If you need to speak with me at any other time, please just email me.
- (4) Please review my record of your grades and let me know before Thursday, December 15 if you find any inconsistencies with your own records.

The sections of the text which we covered were:

- (1) 1.1-1.4
