Text Class notes from T.I.S. (on Sixth St. between Green and John)
No other text except these class notes will be used.

Homework Here's the homework for the whole term.
Do all the problems in the class notes.
Check with the solutions in the back.
These HW problems are not collected.
There will be separate HW problems to hand in. By email.
They're optional (don't count toward your grade) but if you hand them
in you'll get feedback

Exams 3 hour exams during the term
During the regular class hour. Dates to be announced.
No quizzes.
Final exam Tues Dec 15, 7-10 PM. In the regular classroom.
All exams are closed book, no calculators.

Grades Based on the 3 hour exams and the final exam
The final exam counts 40% but if you do better on it than on the hour exams
the final will count 50% for you. In other words, if x is your grade on
the final exam then your final average is the higher of

$$\frac{\text{exam 1} + \text{exam 2} + \text{exam 3} + 3x}{6}$$

and

$$\frac{\text{exam 1} + \text{exam 2} + \text{exam 3} + 2x}{5}$$

approximate grading scale

A- to A 87-100
B- to B+ 77-86
C- to C+ 60-76
D- to D+ 48-59

No curve. Some sympathy.
