

Instructions for Student Registration University of Illinois

PH GradeAssist is an online program that you will use to complete homework assignments for this course. The assignments will be posted and graded online to give you immediate feedback to your progress in this course.

BEFORE YOU BEGIN:

Please make sure you have your Student Access Code - a PH GradeAssist booklet came packaged with your textbook. Look in the inside cover and peel back the Access Code label to reveal your Student Access Code. If you purchased a used textbook, you will need to purchase a new PH GradeAssist booklet from the bookstore.

Please make sure you know your Class ID & Class Homepage URL - this is supplied by your Instructor and should be found on your course syllabus.

If you are going to work on this program from your home computer, please follow these directions to prepare your computer to use PH GradeAssist:

- 1) Go to <http://www.prenhall.com/phga/>
- 2) Click on **Math**
- 3) Under Student, click on **Tune Up Your Browser**
- 4) Click on each icon, one-at-a-time (QuickTime, Acrobat, Explorer, and Java). Each one will open a separate window that will tell you if you already have the needed software or if you need to download the software to your computer. If you do need to download the software, you will see a link that will say **Download and Install**. Click on it and that will launch you to a website where you will follow the directions to download and install the needed software.
- 5) PH GradeAssist is an internet-based program, so you will access it using either Internet Explorer 5.1 (or higher) OR Netscape Navigator 6.2.2 (or higher).

STUDENT REGISTRATION:

- 1) Go to <http://www.prenhall.com/phga/>
- 2) Click on **Math**.
- 3) Under **Student**, click on **Register/Login**.
- 4) Click **Register** in **Step 1**.
- 5) Type your six-word **Student Access Code** in the boxes provided, making sure to type one word per box. Again, this code is found in the inside cover of your PH GradeAssist booklet.
- 6) Make sure **No** is selected and click **Next**.
- 7) Provide your **contact information** by completing the required fields (*). Your school zip code is **61801**. Then click **Next**.
- 8) Click the arrow next to the **Institution Name** box to open the list of schools. Scroll through the list and locate **University of Illinois - Urbana/Champaign** and click on it.
- 9) Select a **Login Name** and **Password**. Do NOT use symbols, punctuation marks, or blank spaces.
- 10) Click the arrow next to the **Question** box to open a list. Select a question and enter the answer in the Answer box. If you forget or misplace your login name/password, Product Support will use this question/answer combination to verify your identity and email you a new one.
- 11) Check the **License Agreement** box and click **Next**.
- 12) A page confirming your registration will now appear. Click **Log In Now** to continue.
- 13) Click **Student Login**.
- 14) In the gray box at right, complete **Step 2** by entering the **login/password** you created for yourself.
- 15) In the gray box at right, complete **Step 3** by entering your **Class ID** in the box provided. Your Class ID should be listed on your syllabus.
- 16) Click **OK**.
- 17) From now on your **Class Homepage URL** will be your starting point for working with PH GradeAssist. Go to the URL for your Class Homepage. The URL for your Class Homepage should be listed on your syllabus.
- 18) From the **Class Homepage** you will see a list of your assignments under the **Student Menu**. When you are ready to work on the assignment, highlight it and select **Go**. You will then be prompted to enter your **Login/password**.
- 19) For further help using PH GradeAssist, go to <http://www.prenhall.com/phga/> and click on **Math** and then click on **Download the Student User's Guide**.

For Technical Support, call 1-800-677-6337. Option 1 and then 2.
This support is available Monday-Friday, 8a.m.-5p.m., CST.
